Synopsis:

Joyful heralds of the season, wildflowers adorn landscapes with their brilliant but fleeting glory. A hillside carpeted in a purple haze of Prairie Verbena. The vibrant petals of California Poppies. A hummingbird fluttering near Scarlet Beebalm. And a colorful desertscape of red rock formations, saguaro cacti, and golden Brittlebrush. AUDUBON WILDFLOWERS delivers twelve portraits of North American blooms photographed in their native habitats. These are nature's gardens, captured at their most vibrant and most beautiful.
