

Download Back Home: MMF Bisexual Romance Online Book PDF by Nicole Stewart

Synopsis:

Their love is impossible to leave behind...

Wade Bailey is one of the most respected figures in town. He's the epitome of a country boy—all hard work and hard body—sexy as hell.

Lila Malone has burned for him since high school. But Wade never left their hometown.

Now Lila's back for a funeral and *some things never change*.

Like how much she still wants to screw the pastor's son.

Still, their friend **Cash Davis** might be more Lila's speed. With his bad boy sex appeal and penchant for disappearing acts, the only thing he does right is make her body levitate when he goes down on her. They go together like Saturday night and Sunday morning.

And Cash can't stop thinking about what happened between him and Wade. **The pounding release when his old high school buddy needed him most. The thing that no one knows about.** Not even Lila. Suddenly, the three of them are back together and the sexual energy is stronger than ever. There's just one problem.

It's hard to keep a secret in a small town.

Back Home is an extremely steamy, ultra high heat Bisexual / Menage MMF romance with explicit scenes and a Happily Ever After ending!
