Synopsis:

Inspired by the story of Beauty and the Beast, a short and sexy interpretation of the classic fairy tale...

A beauty unchained...

For ten years Cora Walker has yearned to return to Blackwood Manor...and to her childhood companion, Gideon Blake. But her dream of returning home soon becomes a nightmare—and the fully grown, dangerously sexy Gideon is nothing like the young man she'd loved before.

A beast unleashed...

Cursed by the monster that killed his family, Gideon sacrificed his heart to protect Cora from the beast that lurks beneath his skin. But when she returns and the curse chains her to his side, he only has two choices: to persuade her to marry him though he has stolen her freedom...or die to save her from the beast within.
