Synopsis:

I go long, I go deep, but I never go soft.

They call me 'The Damage' because I crush it on the field and off.

I'm all about the offensive penetration. No one knows the game as well as I do.

It doesn't hurt I've got a goal post in my pants.

But the moment I see Indiana's smoky eyes and tight end, I know I'm in trouble.

No one has a college record that clean, which means she's either hiding something or running from something, and I intend to get the bottom of *all* her dirty little secrets.

Even if I have to tease it out of those sweet curves.

Even if she's playing hard to get.

Because I can go the distance.

Because I *a*lways score.

Because I'm in this for the long game.

Small on sports, big on steam, Long Game is a full-length bad boy romance with a **happily ever after** and **no cheating**. Includes bonus books and exclusive bonus scene for a limited time.
